**ANOTHER CHANCE FOR GIVING TO THE COMMUNITY!**

The 2024 Summer Spectacular was another success, and we are happy to announce that the Club has voted to donate \$6,000.00 to charities, as we have done for many years. If you would like to have a favorite charity of yours eligible to be voted on by the membership, read the instructions and fill out the form on page nine of this Cruz News issue. It will be determined in January how the \$6,000.00 will be split up. In past years, we have given to such entities as the Eagan Pantry, Rosemount Yellow Ribbon, Mary's Place, Dakota County Technical College, and several others. You will need to do some homework to fill out the distribution form on page nine, but it's worth it to hand out a check to a worthy charity!

## DUANE'S WORLD

I'm still waiting for the other foot to fall. Here it is, past the middle of October, and it's still like summer out there! I'm hoping we can come out of our latest drought with the half inch of rain we got a few days ago, and a possibility of more rain predicted in the near future. We had a strange event just recently in our back yard. I noticed a depression in the grass and discovered a sink hole that took 5 cubic feet to fill. The hole was about 6" below the sod and about 1 foot deep branching out like a star. The hole was completely dry with no signs of any critters being in the area, and there are no water or sewer lines back there that could leak and scour out the area. Since our house is on the site of an old farm, I'm wondering if some waste was dropped in that area before they graded it out for our yard, and the waste finally decomposed after 60 years, leaving the sink hole. Wondering if any more will show up, hope not!

Just because the cruising season is ending doesn't mean it's time to put our cars away, quite yet. I'm still taking Lil Darlin' out a couple times a week for our car guys' breakfast dates. She started running a little rough when first starting up cold, so I started to check things out. The air filter looked a little funky, and the fuel filter insert looked a little grunged up, so I replaced both and that seems to have solved the problem. Funny how these little problems can sneak up on a guy when he least expects them. I've also done some fiddling with my Edelbrock electronic choke which could have been part of the problem as well. Some adjustments have to be done on a cold engine, so you have to do some tweaking, drive it for awhile, and then wait for it to get cold again before making further adjustments. Hope to see you at the Christmas party! See you out there, somewhere. DB

## SUBJECTS NEEDED FOR MY WINTER "GARAGE SCENE" ARTICLES

Since we spent quite a lot of time taking our rides to all the fine driving events this summer, I imagine some issues came up with your ride that you made a mental note to take care of this winter. If you have something going in your garage that you would like to share with our Club members, write up an article, take some photos, and send it to me for inclusion in the Cruz News. If you have qualms about your photography skills, no problem. I would be happy to grab my trusty new high tech Box Brownie camera that I recently found on Amazon. (Isn't she a beauty?), and go to your shop to take photos. I enjoy visiting other people's shops. I quite often come up with some new ideas I can use in my own domain.

## A LOOK BACK AT 2024

With October rapidly coming to an end, I thought it would be fun to look back on our 2024 season which, in my opinion, was a good one for our Club! The season started off very early with Scott Frank and his '69 Chevelle, and Duane with his Lil Darlin' coupe driving to Perkin's for breakfast on January 31. When our measly winter was over and the cruising season started, the problem was all the rain we got early on. Some time ago, I figured out that Lil Darlin' and I got rained on 10 times this summer! Ron Willson ended up booking 12 mini-shows, and we were very happy with the Club turnout at these events! All the other cruise-ins that we advertise in the Cruz News were also well attended. The Summer Spectacular had 150 cars come through the gate, and I'm happy to report that my favorite shrimp basket was always available with my name on it at the monthly gathering at Culver's in Savage! Take a look at this collection of 2024 memories.
