## DUANE'S WORLD

Well that's done for another year! I am happy to report that Lil Darlin' and I made our goal of making 40 consecutive years to the "Back to the Fifties weekend! If we didn't get shut down by Covid-19, we should have celebrated that milestone last year. See my article below on what the "Back to the Fifties" weekend was like in 1984 when I first set sight on what would become Lil Darlin'.

I'm still chasing that gremlin that has been troubling me for some time. The one thing that's consistent is that the problem is inconsistent. It comes and goes! I have changed spark plugs and spark plug wires, given the carburetor a good bath, checked the timing, played with the electric choke, adjusted the carb using a vacuum gauge, and run a compression check. After Saturday breakfast 2 weeks ago, Ron (Eagan) Anderson came over and used his considerable mechanical skills trying some other things, including taking every single spark plug wire off while the motor was running. Nothing jumped out to indicate a problem. I made 2 trips over to the Fairgrounds on that hot weekend, and the car ran fine until it was time to go home Saturday afternoon when it started to run a little sour. By the time I got to 35E in St. Paul, it had smoothed out but not completely, and that's where it stands today. I'm running through some other possibilities in my mind about what could be causing this problem (What could possibly go wrong there?) and will let you know what happens. Thank you for all of your suggestions!

A couple of the Club mini shows are already in the history book, but I think rain kept the numbers down in attendance. See page 3 for a complete list of upcoming shows, giving you plenty of chances to get out and enjoy these events. I have high hopes Mother Nature will cooperate, giving us some nice weather. Ron Willson told me that it is most likely he will not be booking any more mini shows for the season at the risk of burning out our members. And to top it off, our Summer Spectacular on August 24 is rapidly approaching. Lots to do this summer! See you out there, somewhere. DB

### BACK TO THE FIFTIES, WAY BACK WHEN IN 1984

In my "Duane's World" article I mentioned that this was my 40th year at "Back to the Fifties." Let me tell you how it was in 1984 when I saw this 1938 Chevrolet coupe with a "For Sale" sign on the windshield. I think it was love at first sight, partly because when I was a kid, my dad had a '38 Chev. Coupe that he used for going to work & hunting and fishing, I loved that car! Back to the Fifties in 1984 was a lot different than it is today. Back then, the whole event took up just the racetrack which at that time was still being used for racing. All of the show cars and car corral took up the infield. The swap meet was held on the racetrack. The track banking made it a challenge to see all the swappers. Things have changed! With even the look of Lil Darlin' changing quite a bit. She sat pretty high on that original front axle, and I got nosebleeds from the altitude. Photos taken by the editor on 6/24/84
